Re: Comments for IRS Section 475 "Clean Up" Project

Dear Commissioner Koskinen:

Please find my comments for the IRS Section 475 "Clean Up" Project. In addition to my thoughts on Section 475, I raise related problems with Section 1091 wash sales and trader tax status (business treatment).

My company GreenTraderTax.com and affiliated CPA firm Green NFH, LLC are dedicated to the tax needs of retail traders making a living from trading their own funds.

I am happy to discuss my comments with IRS officials and thank you for considering them.

Sincerely,

Robert A. Green, CPA
